WHEREAS, based upon the public testimony and other information submitted at a public hearing conducted on July 6, 2004, the City Council found that it was in the public interest to extend the development moratorium a reasonable amount of time in order to assure that adequate development standards and growth controls were in place prior to the expiration or termination of the moratorium; and

WHEREAS, an ordinance establishing development standards and growth controls is being formulated by the Planning Commission, and the amount of time necessary for public involvement and adoption of such ordinance, and for administrative procedures to be put in place for implementation of said ordinance, will extend beyond the sunset date of February 14, 2005 established by Ordinance No. 2004-156; and
