The City shall have the authority at all times to control, by appropriate regulations, the location, elevation, and manner of construction and maintenance of any facilities of the District located within the City right-of-way. The District shall promptly conform with all such regulations, unless compliance would cause the District to violate other requirements of law.

5. **Right-of-Way Management.**

5.1. **Applications for work in the City Right-of-Way**

5.1.1. All applications for work in the City’s Right-of-Way will be processed according to the Permitting Authority’s Right-of-Way Application Process.

5.2. **Safety.**

5.2.1. The District, in accordance with applicable federal, state, and local safety rules and regulations shall, at all times, employ ordinary care in the installation, maintenance, and repair of its facilities utilizing methods and devices commonly accepted in their industry of operation to prevent failures and accidents that are likely to cause damage, injury, or nuisance to persons or property.

5.2.2. All of the District’s facilities in the right-of-way shall be constructed and maintained in a safe and operational condition including any utility trenching and associated pavement patching.

5.3. **Dangerous Conditions, Authority for City to Abate.**

5.3.1. Whenever Facilities or the operations of the District cause or contribute to a condition that appears to endanger any person or substantially impair the lateral support of the adjoining right-of-way, public or private property, the Director may direct the District, at no charge or expense to the City, to take actions to resolve the condition or remove the endangerment. Such directive may include compliance within a prescribed time period.

5.3.2. In the event the District fails or refuses to promptly take the directed action, or fails to fully comply with such direction, or if emergency conditions exist which require immediate action to prevent imminent injury or damages to persons or property, the City may take such actions as it believes are necessary to protect persons or property and the District shall be responsible to reimburse the City for its costs.

5.3.3. At any time during the term of this Franchise, if a District Facility or trench within the Franchise Area causes a street to crack, settle, or otherwise fail, the City will notify the District of the deficiency and the District agrees to restore the deficiency and repair the damage within thirty (30) days of written notice by the City.
5.3.4. For purposes of this Section, “street” shall mean all City owned improvements within a Franchise Area right-of-way, include, but is not limited to, the following: pavement, sidewalks, curbing, above and below-ground utility facilities, and traffic control devices.

6. **Relocation of System Facilities.**

6.1. The District agrees and covenants to protect, support, temporarily disconnect, relocate or remove from any right-of-way its facilities without cost to the City, when so required by the City to facilitate the completion of or as a result of a public project, provided that the District shall in all such cases have the privilege to temporarily bypass, in the authorized portion of the same right-of-way and upon approval by the City, any facilities required to be temporarily disconnected or removed.

6.1.1. All Facilities utilized for providing water and sewer service within the District’s service area and within the right-of-way shall be considered owned, operated and maintained by the District.

6.1.2. If the City determines that a public project necessitates the relocation of the District's existing facilities, the City shall:

6.1.2.1. As soon as possible prior to commencing construction of such project, provide District with written notice requiring such relocation; and

6.1.2.2. Provide the District with copies of any plans and specifications pertinent to the requested relocation and a proposed temporary or permanent location for the District's facilities (location proposed is assumed to be very general and will be up to the District to determine the feasibility of said location).

6.1.2.3. After receipt of such notice and such plans and specifications, the District shall complete relocation of its facilities at no charge or expense to the City at least ten (10) days prior to the City commencing construction of the project.

6.1.3. The District may, after receipt of written notice requesting a relocation of its facilities, submit to the City written alternatives to such relocation. The City shall evaluate such alternatives and advise the District in writing if any of the alternatives are suitable to accommodate the work that necessitates the relocation of the facilities. If so requested by the City, the District shall submit additional information to assist the City in making such evaluation. The City shall give each alternative proposed by the District full and fair consideration. In the event the City ultimately determines that there is no other reasonable alternative, the District shall relocate its facilities as provided in this Section.

6.1.4. If the City requires the relocation of Facilities within five (5) years of their installation or the subsequent relocation of Facilities within five (5) years from the date of relocation of such Facilities pursuant to this Section, then the City shall bear the entire cost of such subsequent relocation.

6.1.5. When any Person, other than the City, requires the relocation of the District's Facilities to accommodate the work of facilities of such Person, the District shall
have the right as a condition of such relocation to require such Person to make payment to the District at a time and upon reasonable terms acceptable to the District for all reasonable costs, fees and expenses incurred by the District in the relocation of the District's Facilities, provided that such arrangements do not unduly delay or increase the cost of a planned City construction project.

6.2. **District's Maps and Records.** As a condition of this Franchise, upon request from the City, and without charge to the City, the District agrees to provide the City with all requested as-built plans, maps, and records that show the vertical and horizontal location of its facilities within the right-of-way, measured from the center line of the right-of-way, using a minimum scale of one inch equals one hundred feet (1"=100’) relating to a specific City project. The District shall endeavor to provide maps in Geographical Information System (GIS) or other digital electronic format used by the City and, upon request, in hard copy plan form used by the District, provided that such information is in the District's possession or can be reasonably developed from the information in the District's possession at reasonable expense. This information shall be provided within five working days and shall be updated upon reasonable request by the City.

6.3. **Vacation of Right-of-way.** If at any time the City shall vacate a street or Right-of-way or other City property which is then used for utility purposes pursuant to the rights granted by this Franchise to the District, the City will reserve at no cost to the District a continuing grant of easement to the District in accordance with the District's then-current standards and specifications for easements and the construction, repair, operation, replacement and maintenance of its existing or future Facilities located within such vacated street or Right-of-way.

7. **Planning Coordination.**

7.1. **Growth Management.** The parties agree, as follows, to participate in the development of, and reasonable updates to, the each other’s planning documents:

7.1.1. For the District’s service within the City limits, the District will provide information relevant to the City's development of the Comprehensive Plan Capital Facilities Plan Element to assist the City in complying with the requirements described in RCW 36.70A.070(3), provided that such information is in the District's possession, or can be reasonably developed from the information in the District's possession.

7.1.2. The District will participate in a cooperative effort with the City to ensure that the Utilities Element of the City’s Comprehensive plan is accurate as it relates to the District’s operations and is updated to ensure its continued relevance at reasonable intervals.

7.1.3. The District shall submit information related to the general location, proposed location, and capacity of all existing and proposed Facilities within the City as requested by the Director within a reasonable time, not exceeding sixty (60) days from receipt of a written request for such information.
7.1.4. The District will update information provided to the City under this Section whenever there are major changes in the District’s system plans for Sammamish.

7.1.5. The City will provide information relevant to the District’s operations within a reasonable period of written request to assist the District in the development or update of its Comprehensive Water System Plan, provided that such information is in the City’s possession, or can be reasonably developed from the information in the City’s possession.

7.2. **System Development Information.** The District will assign a representative whose responsibility shall be to coordinate with the City on planning for CIP projects including those that involve undergrounding. At a minimum, such coordination shall include the following:

7.2.1. **By February 1** of each year, District shall provide the City Manager or designee with a schedule of its planned capital improvements, which may affect the right of way for that year;

7.2.3. The District shall meet with the City, other franchisees and users of the right-of-way, according to a schedule to be determined by the City, to schedule and coordinate construction; and

7.2.4. All construction locations, activities, and schedules shall be coordinated, as required by the City Manager or his designee, to minimize public inconvenience, disruption, or damages.

7.3. **Emergency Operations.** The City and District agree to cooperate in the planning and implementation of emergency operations response procedures.

8. **Indemnification.**

8.1. District hereby releases, covenants not to bring suit, and agrees to indemnify, defend and hold harmless the City, its elected officials, employees, agents, and volunteers from any and all claims, costs, judgments, awards, attorney’s fees, or liability to any person, including claims by District’s own employees to which District might otherwise be immune under Title 51 RCW, arising from personal injury or damage to property allegedly due to the negligent or intentional acts or omissions of District, its agents, servants, officers or employees in performing activities authorized by this Franchise. This covenant of indemnification shall include, but not be limited by this reference, claims against the City arising as a result of the acts or omissions of District, its agents, servants, officers or employees except to the extent any claims for injuries and damages are caused by the negligence of the City. If final judgment is rendered against the City, its elected officials, employees, agents, and volunteers, or any of them, District shall satisfy the same. The City may appear in any proceeding it deems necessary to protect the City’s or the public’s interests.
8.2. Inspection or acceptance by the City of any work performed by District at the time of completion of construction shall not be grounds for avoidance of any of these covenants of indemnification. Said indemnification obligations shall extend to claims that are not reduced to a suit and any claims that may be settled prior to the culmination of any litigation or the institution of any litigation.

8.3. In the event District refuses to undertake the defense of any suit or any claim, after the City’s request for defense and indemnification has been made pursuant to the indemnification clauses contained herein, and District’s refusal is subsequently determined by a court having jurisdiction (or such other tribunal that the parties shall agree to decide the matter), to have been a wrongful refusal on the part of District, then District shall pay all of the City’s costs and expenses for defense of the action, including reasonable attorneys’ fees of recovering under this indemnification clause as well as any judgment against the City.

9. **Insurance.**

9.1. A combination of self-insurance and excess liability insurance may be utilized by District. District shall provide to the City an insurance certificate and proof of self-insurance, if applicable, evidencing the required insurance and a copy of the additional insured endorsements, for its inspection prior to the commencement of any work or installation of any Facilities pursuant to this Franchise, and such insurance shall evidence the following required insurance:

Coverage shall include premises, operations, independent contractors, products-completed operations, personal injury and advertising injury. There shall be no endorsement or modification of the Commercial General Liability insurance excluding liability arising from explosion, collapse or underground property damage. The City shall be named as an additional insured under District’s Commercial General Liability insurance policy.

9.1.3. Excess Liability in an amount of $5,000,000 each occurrence and $5,000,000 aggregate limit. The City shall be named as an additional insured on the Excess Liability insurance policy.

9.2. Payment of deductible or self-insured retention shall be the sole responsibility of District.

9.3. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, officials, or employees. In addition, the insurance policy shall
contain a clause stating that coverage shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability. District's insurance shall be primary. Any insurance, self insurance, or insurance pool coverage maintained by the City shall be excess of District's insurance and shall not contribute with it. Coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice has been given to the City.

10. **Enforcement.**

10.1. In addition to all other rights and powers retained by the City under this Franchise, the City reserves the right to revoke and terminate this Franchise and all rights and privileges of the District in the event of a substantial violation or breach of its terms and conditions.

10.2. A substantial violation or breach by the District shall include, but shall not be limited to, the following:

The District, or the City, shall bear the burden of proof in establishing the existence of such conditions.

All of the provisions, conditions, regulations and requirements contained in this Franchise Ordinance shall further be binding upon the heirs, successors, executors, administrators, legal representatives and assigns of the District and all privileges, as well as all obligations and liabilities of the District shall inure to its heirs, successors and assigns equally as if they were specifically mentioned wherever the District is named herein.

12. **Severability.** If any Section, sentence, clause or phrase of this Ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other Section, sentence, clause or phrase of this Franchise Ordinance. 13. **Assignment.** This Franchise shall not be sold, transferred, assigned, or disposed of in whole or in part either by sale, voluntary or involuntary merger, consolidation or otherwise, without the written approval of the City. This paragraph shall not act to require City approval of any District action to mortgage or otherwise encumber its facilities, or other action related to corporate financing, financial reorganization, or refinancing activity.

16. **Alternate Dispute Resolution.** If the parties are unable to resolve disputes arising from the terms of this Franchise, prior to resorting to a court of competent jurisdiction, the parties shall submit the dispute to a non-binding alternate dispute resolution process agreed to by the parties. Unless otherwise agreed between the parties or determined herein, the cost of that process shall be shared equally.
