Ebright Creek Park
1317 212th Ave SE, 98075

This 12-acre park opened in 2007 and has three distinct sections. The front section, located off of 212th Ave SE, includes a parking lot, open grass area, climbing rocks and a multi-use sports court that can be used for soccer, basketball or tennis. A large wetland area separates the front and middle sections. Two long wooden boardwalks connect these two sections.

The middle section features two children’s play areas, picnic shelter, large open grass area and restroom facility. The first play area is designed for toddlers through 5 years old while the second play area is for older kids. The picnic shelter can also be reserved for a half day or for the full day from March through September. When not reserved, the shelter is available for the general public to use.

Ebright Creek flows between the middle and back sections of the park. A bridge and scenic overhang allow for multiple creek viewing opportunities. The back section of the park offers a quiet meadow, small loop trail and some benches.

East Sammamish Park
21300 NE 16th St, 98074

This 19-acre neighborhood park located directly behind Margaret Mead Elementary School is a popular destination for kids and their families. Not only is the brightly colored play equipment a big draw but the park boasts two baseball fields, a soccer field, tennis courts and plenty of open grass areas to play. Also, onsite is a picnic shelter, restroom facility and a large parking lot. A second-growth forest runs along the west and north perimeter of the park, providing a strong backdrop for the fields, the play area and the various activities which take place within the site.

Multiple spaces are available for private rental within this park. Both baseball fields and the soccer field can be reserved by the hour from March through September. There is an hourly charge with an hour and a half booking minimum. The picnic shelter, located next to the playground, can also be reserved from March through September. It can be booked for a half day or for the full day. When these spaces are not reserved, they are available for the general public to use.

After incorporation, King County transferred East Sammamish Park to the City of Sammamish. Restoration projects completed to date include replacement of restroom fixtures, infield, turf and safety upgrades to the athletic fields, a new path walkway and several landscape renovations. A master plan process was completed in 2008 and continues to be the guiding document for any future improvements.

Planting Season is Here!

For restoration, fall and winter are the best times to plant native trees and shrubs. The fall rains provide water for plants as they put their energy into root growth. As winter approaches, trees and shrubs become dormant, so planting in the winter causes less disturbance to plants. Starting mid-January, there will be volunteer opportunities nearly every Saturday! It’s the perfect time to come out and plant a tree in your community. Below are some restoration projects you can get involved in this winter!

Lower Commons Park Afforestation
As part of our commitment to parks, trees and wildlife, the new Sammamish Community & Aquatic Center plan includes an afforestation project in Lower Commons Park. As opposed to restoration, which restores an area to its original, healthier state, afforestation refers to planting an area where there were not previously trees. Historically farmland, the Lower Commons Park wetland will be ‘afforested’ and planted with native trees and shrubs to provide wetland habitat, improve water quality, and increase the holding capacity of the site, thereby reducing the rate of storm water run-off from the site caused by the development. This effort will be primarily volunteer driven and, over the next year, volunteers will be helping to plant the approximately six acre wetland area with native trees and shrubs.

Ebright Creek and Washington Native Plant Society
The City of Sammamish is partnering with the Washington Native Plant Society (WNPS) in efforts to restore Ebright Creek Park. Ebright Creek is a salmon bearing creek which runs into Lake Sammamish. The WNPS Plant Stewards are volunteering their time and restoration training to enhance this important creek by removing invasive weeds and planting native trees and shrubs. Removing weeds like blackberry and ivy, and planting with native trees and shrubs, reduces erosion, improves water quality, and creates habitat for salmon and other wildlife. Join the City of Sammamish and the WNPS to give back to your community, while learning about native plants and improving salmon habitat!

Get involved!
As an individual: Sign up for these and other volunteer opportunities on the City of Sammamish Events Calendar: https://www.sammamish.us/events/
As a Group: If your organization would like to volunteer as a group, please contact volunteer@sammamish.us or call 425-295-0556 to set up a group volunteer opportunity. For more information: Volunteer@sammamish.us or 425-295-0556

Espana
Michael Partington is one of the most engaging of the new generation of concert players. Praised by Classical Guitar Magazine for his “lyricism, intensity and clear technical command,” this award-winning British guitarist has performed internationally as a soloist and with ensembles of renown. Audiences are put at ease by his charming stage manner and captivated by his musical interpretations. His innate rhythmic understanding and sense for tonal colour combine to form some of the most memorable phrasing to be heard on the guitar.

Youth Development
Teen Leadership Board, 9th-12th Grade
Members of the teen leadership board learn and refine leadership skills by taking part in community service projects, as well as plan and implement community events. Students learn teamwork, project management, budget planning, and volunteer management while making friends and acquiring community service leadership hours. This program runs throughout the school year and does not have a fee thanks to the support of the YMCA Annual Campaign. For more information contact sammamishinfo@seattleymca.org.

Youth & Government, 8th-12th grade
Members of this program meet the first Thursday of the month to discuss current news and political events that are important to you. Students learn about state government through an experiential process known as “become” Senators, Representatives, Lobbyists, and Reporters. In May, teens take over the Capitol building and debate their own bills. This is a free-based program and runs October to May. For more information contact sammamishinfo@seattleymca.org.

Tweens/Teens Volunteer Opportunities, 7th-12th Grade
The Y has many opportunities to get involved, work service hours and make a difference in your community! Volunteer engagement opportunities for family and community events. Opportunities are also available with environmental service, YMCA advocacy and awareness, facility and program assistants and much more. For more information contact sammamishinfo@seattleymca.org.

Lifeguard Training
This course is designed to provide participants with the knowledge and skills needed to be a lifeguard and professional rescuer. Participants will be certified in YMCA Lifeguarding, CPR Pro for the Professional Rescuer Basic First Aid, and Emergency Oxygen. Participants must pass a three phased physical competency test on the first day of class. This program is designed for youth ages 16 and older and will be held April 6-10. The cost ranges from $120-200. For information and to register contact Matt at mmeyers@seattleymca.org.

Social Responsibility
Community Support at the Y
Volunteers at the Y are the heart of the Y. Volunteers help the Y listen and respond to our community’s most critical social need. We invite you to join us in our social responsibility efforts throughout the community this winter. For a complete listing of opportunities please check out our website at www.sammamishymca.org or contact Kim at kjay@katelylemagc.org.

Simple Measures

In true Simple Measures style, we will walk you through the epic Quartet for the End of Time by Olivier Messiaen with examples and explanations that open up the music and enable even the casual listener to get to the heart of it and understand this amazing work. Join our fine artists as they take you on the tour and present other "timely" works for their instruments: Sean Dalson – Clarinet, Cordvia Masko – Violin, Ryan Krishnaswami – Cellio, and Mark Salman – Piano.

Tues, February 17
7:30 – 9:00 pm
